December 2022:

Budget handed in spent most of the month wrapping up any loose ends in the pond with gear and eventually hauling out the scallop boat. Sampling with DMF to get in a full set of fecal water quality for all Tisbury DSGA stations. Due to the number of boats still in the water after December 1 the VH Harbor (V10.1) and East Tashmoo mooring field (V8.2) opened later than expected on December 17, 2022.

As we look towards the end of the year, we see that there it was another slim year for bay scallops, but people were still quahogging.

Meetings: 12/7 MVSG, 12/13 TWI, 12/15 Waterways Committee, 12/22 another Master Planning committee meeting

Tisbury Shellfish CY 2022
