

USES, SANITATION

09.6 USES, SANITATION AND NUISANCES

09.6.1 Work Engagement Without Valid Town License

No person or firm shall engage in work requiring licensing or permitting by the Board of Health without said valid license and/or permit from the Board of Health.

Work found to have been performed without a valid license may cause the Board of Health to fine the violator \$100.00 for each offense. Licensing required (not exclusive): Disposal Works, Well Registration, Septage Pumpout, Plumbing, Massage, Lead Paint Removal, Food Service, Solid Waste Removal, Operation of Pools, Camps or Motels, Sandblasting, Septic Installation, etc.

2/19/91

09.6.2 Transportation and Disposal of Privy Cesspool and Septic Contents

Pursuant to 310 CMR 11.02 the Board of Health as a legally constituted governmental unit within the Commonwealth and having the usual powers and duties of the Board of Health in the best interest of the environment and of the public health of the Town of Tisbury provides the following regulation:

Transportation and disposal of privy, cesspool and septic tank contents by licensed person within the town must turn in monthly collected septic pump-out permits. Permits must be returned by the fifteenth of each month. Each permit not returned by the fifteenth will be fined \$10.00 per permit and each day constitutes a separate offense.

Timely and accurate records are required by the secretary to the Board of Health for the calculation of wastewater loading into the Town's septic lagoons. In addition, exact data is imperative for monitoring the substance(s) introduced into the lagoons.

3/19/91

09.6.3 Disposal of Household or Commercial Waste

Disposal of household or commercial waste into trash barrels placed on public property for the convenience of the traveling public shall be punished by a fine of \$50.00 for the first offense and \$100.00 for each subsequent offense.

3/19/91

09.6.4 Licensed Junkyard Not in Compliance

No person, enterprise or corporation may operate or maintain a licensed junkyard as defined in MGL 140B s 1 unless such junkyard is in compliance with state and local regulation of the same (MGL 104B 3), and in compliance with environmental and public health, safety and nuisance regulations.

Property must be screened by natural objects, plantings, fences or other appropriate means of screening from sight.

Oil, petroleum products, acids and other offensive motor vehicle and engine products or by-products must be reclaimed, stored and disposed of in a manner safe to the environment.

Property grounds must be maintained in a manner that does not encourage the harborage of rodents and is free

from garbage, rubbish, windblown litter and offensive/obnoxious odor.

Failure to comply with Board of health written order to abate said violation(s) may result in a fine of \$100.00. Each day's violation(s) constitutes a separate offense.

3/19/91

09.6.5 Restroom Facilities for Recreational Facilities

No person shall open or construct a new, or enlarge an existing public or privately owned recreational facility intended to serve the public without adequate restrooms and public health related facilities acceptable to the Board of Health.
